

# Agricultural Regulations:

## Learn to Manage Them Instead of Letting Them Manage You

**Date:** Thursday, September 8, 2005  
**Time:** 2:00 PM – 4:00 PM  
**Where:** California Center for the Arts, Escondido  
Salons 1 & 2 in the Conference Center  
340 North Escondido Blvd.  
**Cost:** FREE

Help is on the way! This workshop is designed to help growers manage the burden of regulations. A new software tool, called **AgComplyIT**, helps growers create a unified plan for dealing with regulations that affect their operations. The Excel<sup>TM</sup>-based tool allows growers to privately identify the state and federal production-related regulations that may apply to a particular enterprise and helps growers create a plan to comply with them. After the introduction, representatives from a variety of agencies will join attendees in a facilitated discussion.

- The AgComplyIT software will be distributed **FREE** on CD to those attending the workshops.
- 2.0 hours of Continuing Education Credit [Laws & Regulations] will be available to PCAs, QALs, and QACs in attendance at the workshop.
- Reservations for the workshop are requested, but not required.  
For reservations, questions, or more information please contact:
